## Heller Upright Pianos, \$250 \$275 \$300.

In every detail the Leading Retail Establishment of Brooklyn.

The Finest Piano Sold for as Low Prices. TO MANY PEOPLE THE DESIRE TO OWN A REALLY FINE PIANO is coupled with the necessity to confine the expenditure to \$300 or less.

For such people the HELLER PIANO offers a splendid solution of their problem.

HELLER PIANOS are not experiments. Hundreds of them are in use in this neighborhood, and we have yet to learn of an owner who was not enthusiastic in praise of the HELLER PIANO.

The reason for the steady growth in popularity of these instruments is the spiendid, singing tone which is one of their most striking characteristics. They are musical instruments in the best and broadest sense of that term. They respond to the touch of a musician. They delight the critical ear. And they are so well constructed that they may be depended on to give many years of service and to hold their

rich, mellow tone until the last. HELLER PIANOS, encased in handsome mahogany, walnut or oak, are priced at \$250 to \$300. Pianos of equal merit are not to be had outside this Store for as little prices. Pianos of equal merit are usually sold for \$350 to \$450, and sometimes for more.

We make very easy terms for those who de-sire that accommodation. HELLER PIANOS will be delivered to responsible people for

\$10 in Cash and Thereafter \$6 a Month. We make no extra charge for this accommodation beyond 4% simple interest on the deferred pay-
